Term 2 Week 2

159 Years of Quality Education

Wednesday 9 May 2018

From the Principal's Desk

Congratulations to our class captains for Term 2. Thank you our parents and grandparents who attended the induction assembly and give credit to this important leadership role in our school. This week the Hearing Bus will visit our school to provide hearing testing for our students. We are very grateful for the wonderful service they provide. Our girls' and boys' cricket teams play the next round of the knockout competition - both travelling to Mudgee. While our girls had a win yesterday our boys pad up tomorrow. Many thanks to the parents who support our sporting teams with transport, official duties and cheering them on. Your support is very appreciated. Next week our Year 3 and Year 5 students will sit the NAPLAN tests. Please ensure your child is well rested, on time and has a hearty breakfast to see them through the three days of testing.

Finally thank you to Tenelle Bond and our wonderful present wrappers for the very successful Mothers' Day stall yesterday. Happy Mother's Day to all our special mums and grandmas for this Sunday. Enjoy your week!

The Australian Centre for Social Innovation

Do you want to be part of a project that aims to improve educational outcomes for children and young people with disabilities in NSW?

The Australian Centre for Social Innovation (TACSI) is working with the NSW Department of Education to shape the strategy of the NSW education system to improve educational outcomes for children and young people with disabilities and their families. TACSI is a not-for-profit and non-governmental organisation that works with governments, NGOs and business to create better outcomes for people that needs them. We believe that people are experts in their own lives, so we work with families and individuals to learn from them, and design with them, new or just better ways to deal with the challenges they face. In this project, TACSI is responsible for speaking to children and young people with disabilities and special needs and their families. We will then feed this information back to the Department. If you are interested in sharing your experiences with the education system we would love to meet with you and your family.

3/4D Anzac Day Reports

ANZAC Day
 On November 1914 the ANZACs landed in what we now know as ANZAC Cove and ran to Gallipoli. The last post is played on an instrument called a bugle. More than 50,000 ANZACs fought and 8,000 died. Most soldiers had a disease, of some kind, most died not from weapons but disease. the war went for 3 yrs and 8 months. Lest we forget

ANZAC Day!
 ANZAC Day is about remembering the Australians and New Zealanders who risked their lives to protect us and fight for our country. ANZAC stands for Australia, New Zealand Army Corp. 15,000 soldiers landed on Gallipoli and over 8,000 died. World War I was called the Great War. ANZAC biscuits were made at home and then shipped to Gallipoli for them to eat.
